Ohio Performs First Execution Since 2014

The state this week performed it's first execution in over three years to Ronald Phillips, a man found guilty of killing a 3 year old girl in 1993. This execution came after two inmates, Mr. Phillips being one, had petitioned the U.S. Supreme Court to issue a stay of execution arguing the use of drugs was considered a violation of the Constitution's prohibition on cruel and unusual punishment. Ultimately, the U.S. Supreme Court sided in favor of the state.

Ohio State Fair Tragedy

A ride malfunction at the Ohio State Fair caused one death and several injuries on Wednesday. Tyler Jarrell, 18, was killed after a row of seats on the Fire Ball snapped off. Seven others were transported to the hospital with injuries. In response, Governor John Kasich ordered that all rides were to be shut down pending further inspections. Governor Kasich added this tragedy will not define the Ohio State Fair and it will continue. A full investigation is pending as the Fire Ball passed its extensive safety inspections before the fair began.
